EDUCATION

Bethel Matriculation Higher Secondary School,

Location — *Chennai*

2008 - 2022

HSC - 94.6%

Loyola ICAM College of Engineering and Technology,

Location — *Chennai*

2022 - 2026

CGPA - 8.52 / 10

PROJECTS

PHI MASKER :

Contributed to the development of the CLI, API implementation, database connectivity, and application testing. Integrated the GLiNER model to identify sensitive information and implemented data masking, ensuring that only the masked content is returned to users.

ALLEYAID :

A community-centric app empowering residents to tag and share problems, complaints and precautions for public awareness with seamless communication between residents and local authorities fostering a collective effort to solve problems.

SENSAI :

SENSAI is an AI-powered student evaluation platform designed to make grading smarter, faster, and more personalized. It allows educators to view class-wise performance, generate custom or AI-based feedback, edit mark sheets dynamically, and provide students with detailed insights for improvement. Built using React, Node.js, Firebase DB and Gemini.

INTERSHIP

Data Analyst Intern in NLP Team - Onsite (EXL Services)

08 September 2025 – 31 May 2026

Analyzed quarterly team-wise cost consumption patterns using SQL and Excel to identify key trends and insights. Developed an internal PHI (Protected Health Information) Masking Tool using FastAPI, Click CLI, SQLite, and pytest, enabling secure and efficient data masking for internal team use.

SQL Developer Intern - Remote (Elevate Labs)

23 June 2025 - 28 July 2025

Implementation of a Hospital Management System using MySQL Workbench and understood advanced SQL topics(Triggers, Functions) and practically applied it.

ABOUT ME

A curious and adaptive individual with a great interest in database and software development.

HARD SKILLS

- MySQL
- Java
- Python
- React Native

DEVELOPMENT TOOLS

- MySQL Workbench
- pgAdmin 4
- pytest
- Fast API
- Git
- Docker

CERTIFICATES

Infosys Springboard :

(HTML5, Software Engineering)

Oracle academy :

(Database Programming with SQL)

Leetcode :

(MySQL Badge)

ACHIEVEMENTS

Technoteen - First Place

A college level ideathon conducted across various departments. Won a cash prize of ₹ 10,000.

GDG Solution Challenge

Participated on the national level hackathon organized by google developer groups and shortlisted for initial 100 teams.
